## Dennis Peacocke

### Description:

"Wealth creation is a key to how the kingdom of God advances...read this and become part of the movement!"

—Lance Wallnau

Dennis Peacocke presents twelve principles of management, growth, and productivity that can bring lasting change into the lives and cultures of all who apply them. This book is divided into two sections. The first deals with the theological issues affecting the individual believer and his or her role in the marketplace. The second takes those same issues and principles into the political and economic world in which we live. Dennis wants to reverse our current slide into chaos and economic bondage by encouraging the practice of God's truths in the marketplace and by electing leaders who will do so in our public institutions.

Whoever produces both capital and human justice will lead the twenty-first century. This book builds a biblical foundation that for the establishment of a compassionate, kingdom-based, free-enterprise economic system.
